

SOUTH FLORIDA EXPRESS LANES NETWORK

NOTE: Vision Projects represent the potential Future Express Lanes Network in Southeast Florida. Please note, some segments are not yet through the programming process and, therefore, do not have identified funding. The viability of Express Lanes will be further assessed through studies on these corridors.

Current Status of the Express Lanes Network – Last Updated February 24, 2017

SOUTHEAST FLORIDA EXPRESS LANES REGIONAL CONCEPT FOR TRANSPORTATION OPERATIONS

The South Florida Express Lanes Network is being developed to ensure that individual express lanes facilities/corridors function and operate seamlessly and reliably as a regional network.
